ESSENTIAL QUESTIONS: CONTEXT, PERIODIZATION, CAUSATION, CCOT, ARGUMENTATION

1. Explain the causes and impacts of native alliances with European nations during the mid-eighteenth century
2. Explain the social, political, and economic impacts of the Seven Year's War on both colonists and the imperial powers.
3. Explain the drive for settlement of the frontier during the mid-seventeenth century and the tensions that arose from this settlement
4. What were the unifying issues for colonists against Britain in the mid-eighteenth century? Consider social, economic, and political issues. What arguments were used to justify these actions?
5. How did colonial leaders and average civilians mobilize for the Patriot movement? How effective were these methods?
6. Explain the various elements that allowed the colonists to defeat the British in the Revolution.
7. How did the ideals set forth in the Declaration of Independence affect early state constitutions and post-Revolutionary society? How were these ideals not fully realized in America's early days?
8. Explain how the Declaration of Independence inspired revolutionary movement around the world. How did these revolutions live up to (or surpass) the ideals of the Declaration?
9. How are the Articles of Confederation a reaction to the policies of England? Explain why the document ultimately failed.
10. Explain why the Constitution is known as a "collection of compromises." How are these a reflection of rising regionalism in the country?
11. Compare the main arguments for and against ratification of the Constitution, and the results of those arguments on the new government.
12. Explain how the Great Awakening and the Enlightenment influenced the Founding Fathers in the writing of the Declaration of Independence, Constitution, and Bill of Rights.
13. Explain the causes for the creation of the first political parties, and how they are a sign of growing regionalism during the Federalist Era.
14. Give examples of the precedents created in the Federalist Era that put the principles of the Constitution into practice.
15. Explain the various ways the government dealt with new territories during the Confederation period and Federalist Era. Consider the creation of new territories and their interactions with foreign nations and native tribes.
16. What were the main issues Washington warned against in his farewell address? Why did he consider these so dangerous?
17. Explain how the Revolution in France led to problems in the United States. Consider social, political, and economic implications.
18. How do the Virginia and Kentucky Resolutions reveal lasting concerns over a powerful centralized government?
